

The University of Auckland Guarantees University Housing for Study Abroad and Exchange Students

The University of Auckland commits to offering university accommodation to every study abroad or exchange student who applies to the University by the deadline and upon paying a deposit.

Living on campus is a great way for students to immerse themselves in the University of Auckland campus life as they adjust to living away from home.

From single rooms in shared flats to studio apartments, our self-catered university flats and apartments offer students the opportunity to live within our thriving campus community.

"As an international exchange student, I was unsure what to expect from living in Carlaw Park Student Village. However, I can easily say it's one of the best decisions I have made during my time at Auckland. Carlaw has a fantastic community atmosphere with a hugely diverse range of residents, meaning it's basically impossible not to make friends, which is great when trying to adjust to a new country and culture. As well as being incredibly sociable, the flats themselves are really modern and the facilities are excellent."

"The study room is a particularly great feature and is ideal for people like me who get easily distracted when working alone. Also, the location is perfect as it's not far from the University at all, which means even the laziest of people will have no problem making it to lectures on time. Overall, I love living at Carlaw and would definitely recommend it to anyone."

Catherine Barnshaw, exchange student, 2015.
