PROFESSIONAL INTERNSHIPS FOR

INTERNATIONAL STUDENTS

The globalized world values people who can work and communicate in different cultural, social and professional contexts.

For this reason, UDD is interested in promoting global abilities among their students, offering an internship program for local and international students.

This program aims to improve an international career, adding value to the work experience, helping students differentiate and adding skills for the work market.

- Academic Records
- Photocopy of passport (first page)

UDD

IMPORTANT CONSIDERATIONS

Payment

In most cases, the internships are unpaid. Some companies may offer to cover food and transportation costs.

Student Visa

Once students are accepted in the internship program, they must start the process to obtain a student visa.

The requirements and necessary documents must be confirmed at the nearest Chilean Embassy or Consulate from your city. To find the location please enter: <https://chile.gob.cl/>

Health Insurance

Each student must obtain a health insurance with international coverage for the exchange period in Chile, otherwise, they will not be able to start the internship program.

Housing

The International Relations Office provides advice and information so students can find the best place to live during their stay in Santiago, either in dormitories, university residencies or shared apartments. It is very important for us that international students live in a safe and enjoyable place that also meets their expectations and resources.

UDD has a **database** that will guide students in the search for an accommodation.
